

NJPMS October 20, 2021 WEBINAR

Please do not miss this opportunity to meet mandatory requirements for your relicensure!

This virtual webinar provides mandatory courses for your relicensure at the end of this October as per NJ State Board of Medical Examiners requirements. Specifically, the topics of opioids and POLST are required for each biennial licensure cycle. The lectures provided on these topics not only meet NJ State Board requirements, but also may help prevent Board actions against you and your practice. **Doctors are required to know the rules and regulations and have documented training for prescribing opioids.**

NJPMS is confident that you will be able to use some of the tips on neuropathy, dermatology, and take-home information/suggestions that you can institute in your practice to improve outcomes. **Participants earn 6.50 category I and .75 category II continuing education contact hours for completing this program.** We hope that you see the **great value** of this webinar and join us on **October 20th**. Thank you for your time and consideration!

We must again thank Podiatry Risk Group, LLC and Jeffrey Frederick, DPM for providing the platform, expertise, and time to present this exciting seminar.

WEBINAR PROGRAM SCHEDULE

- | | |
|-------------------------|--|
| 8:00 a.m. – 10:00 a.m. | POLST (Practitioner Orders for Life-Sustaining Treatment) - 2 category I
<i>New Jersey law requires that medical orders contained in a patient's POLST be followed by healthcare professionals. This law provides immunity from civil or criminal liability to those who comply in good faith with a patient's POLST. Mandatory course for relicensure every 2 years.</i>
Nan Gallagher, JD, The Nan Gallagher Law Group |
| 10:00 a.m. -10:15 a.m. | BREAK |
| 10:15 a.m. – 11:15 a.m. | Triplanar Joint Preserving Approach to Hallux Valgus – 1 category I
Patrick A. DeHeer, DPM, ABFAS |
| 11:15 a.m. – 12:00 p.m. | Building Patient Rapport...The Key to Successful Patient Management - .75 category II
<i>The diabetic patient, the sports enthusiast, the vascular impaired...The World Health Organization estimates that up to 25% of hospital admissions result from patient noncompliance. This program explores how patient rapport significantly affects patient outcomes and practice success.</i>
John Guiliana, DPM, MBA |
| 12:00 p.m. – 1:00 p.m. | LUNCH BREAK |
| 1:00 p.m. - 2:30 p.m. | Neuropathy and Nerve Pain- Diagnosis and Treatment with Improved Patient Outcomes – 1.5 category 1
<i>Nerve injuries of the lower extremity are common problems frequently misdiagnosed and mistreated. This comprehensive presentation includes an overall review of peripheral nerves of the lower leg, ankle, and foot. Patient nerve complaints will be reviewed along with diagnostic techniques including physical exam, ultrasound, MRI, and diagnostic nerve blocks. Surgical and nonsurgical treatments will be discussed including denervation procedures with case presentations. You will take away some pearls for next day care.</i>
Paul Klein, DPM, FACFAS |

2:30 p.m. – 3:30 p.m. **Podiatric Dermatology Protocols for Better Patient Outcomes – 1 category I**
This session highlights benefits of implementing podiatric dermatology protocols. Biopsy techniques will be reviewed, making note of indications, coding and pearls to their application in podiatric medicine. Attendees will better understand how implementation of protocols will provide better patient outcomes, improve patient compliance and maintain practice efficiency. Lecture includes a review of case studies and treatment options.
Javan S. Bass, DPM, ABFAS

3:30 p.m. - 3:45 p.m. **BREAK**

3:45 p.m. – 4:45 p.m. **Opioid Update- 2021 – 1 category 1**
*Mandatory requirement for renewal of NJ licensure at the end of October 2021. Very important for DPM's who have not taken this course or those in need of review to stay compliant with current opioid prescribing regulations. **Mandatory course for relicensure every 2 years.***
Nan Gallagher, JD, The Nan Gallagher Law Group

PROGRAM SUBJECT TO CHANGE

PROGRAM OBJECTIVES

At the conclusion of this program attendees should understand:

- Current NJ State mandated laws and requirements for prescribing opioids to patients
- How to implement changes in their practice to improve patient compliance and outcomes
- Diagnosis and treatment of common skin conditions of the lower extremity
- Benefits of implementing podiatric dermatology protocols in their practices for better patient outcomes

Attendance Cost:

NJPMS Member (Full Program)	\$129.00
APMA Member (Full Program)	\$149.00
Staff (Only with Attending NJPMS Member)	\$ 69.00
Non-APMA Member	\$369.00
Residents	Free

Intended Audience:

Podiatric Physicians	Podiatric Office Managers
Podiatric Residents	Podiatric Office Staff

The New Jersey Podiatric Medical Society (NJPMS) is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. NJPMS has approved this activity for a maximum of 6.50 category I and .75 category II continuing education contact hours.

Cancellation/ Refund Policy:

If circumstances arise requiring you to cancel your registration no later than seven days prior to the webinar, your registration fee will be refunded, less a \$25 processing charge (or the amount to be paid, if less than \$25).
